**[Re Docket No. 498]**

**United States District Court**

For the Northern District of California

1 Samsung<sup>1</sup> objects to a Special Master's order granting Rambus' motion to compel Samsung to  
2 produce documents relating to Samsung's destruction of documents in *Mosaid Technologies, Inc. v.*  
3 *Samsung Electronics Co., Ltd.*, Case No. 01-CV-4340 (D.N.J.). Rambus opposes the objection. The  
4 court has reviewed the papers and considered the arguments of counsel heard on November 7, 2007.  
5 The court overrules Samsung's objections to the *Mosaid* production. Samsung is ordered to produce  
6 everything from *Mosaid Technologies, Inc. v. Samsung Electronics Co., Ltd.*, Case No. 01-CV-4340  
7 (D.N.J.) that specifically, or in part specifically, addresses the destruction or spoliation of evidence.<sup>2</sup>  
8 The court envisions that this production will comprise court filings, discovery productions, hearing  
9 transcripts and deposition transcripts, but it is not limited to particular classes of documents. To be  
10 clear, Samsung does not have to produce everything from the *Mosaid* litigation. This order is  
11 limited to those things that specifically, or in part specifically, address the destruction or spoliation  
12 of evidence.

26 <sup>1</sup> "Samsung" collectively refers to all of the Samsung entities sued in these cases, namely  
27 Samsung Electronics Co., Ltd., Samsung Electronics America, Inc., Samsung Semiconductor, Inc., and  
Samsung Austin Semiconductor, L.P.

28 <sup>2</sup> The court believes this reflects the scope of Judge Ambler's order. To the extent Judge  
Ambler's order could be construed as broader than this formulation, the order is modified to conform  
to these limits.
